Pirene Nostrum: Le Rivage Mediterranéen des Pyrenees Bernard Rieu

An in-depth look at the Mediterranean Pyrenees, where the cultures of both Catalonia and France converge. The presence of four protected natural parks in the region is a guarantee of its biodiversity. A landscape full of towns such as Cotlliure or Cadaqués, which inspired the paintbrushes of Dalí, Derain and Matisse. Its wide-ranging cultural interest which includes the Greek-Roman site of Empúries, the monastery of Sant Pere de Rodes or the Modern Art Museum of Ceret is an example of history accumulated over centuries. Book presented to UNESCO, as part of the official candidature of the region to obtain the category of World Heritage Site.
